

"As soon as i drove the car out of the parking lot of the driving test center, a huge torrential downpour began. My driving instructor from ExExaminers Driving School taught me to keep calm under every situation and i can legitimately say they prepared me for the worst. Even though i absolutely despise driving in the rain, my driving instructor had provided me with the skills and confidence i needed to overcome these obstacles. This is the place you want if your looking for a driving school that will equip you with all the knowledge and driving ability you need to provide you with a lifetime of safe driving. Oh yeah as soon as i finished the test the skies opened up and the torrential downpour had stopped. It made no difference to me though cause i had just aced the test."

"I've had a G1 for 9 years (yes I got my G1 twice!!) and never did I think I could pass a driving test. I had attended a driving school and had attempted to obtain my license, but failed MISERABLY. In fact, the experience I had was so nerve-wracking and emotionally jarring, that I vowed

I would never drive again; but sometimes in life necessity overtakes personal preference and I found myself needing to acquire my license which of course meant taking the dreaded Drive Test again. It took all the courage I had just to book the test. I remember booking it online and just shaking because I understood it meant I really had to do this. I was so anxious and nervous about taking the Drive Test that I couldn't sleep and my heart would race just thinking about it. I couldn't begin to imagine getting the confidence to do the test. Then one day I saw the sign for ExExaminers.com and I have to say that making that call was the best decision I could have made.

You are an amazing instructor!!! Many instructors only work on building skill. You work on building skill, knowledge and most importantly confidence. Your vast

knowledge about all things driving related really helped me to feel informed and prepared; and your patience and enthusiasm was instrumental in getting me to overcome the fear I had about the test. You worked diligently with me to ensure that I felt comfortable and your gentle encouragement helped me to feel confident in my ability as a driver. With that knowledge, preparedness and confidence I was able to pass the Drive Test! You've made something I thought impossible - possible!!!!

"After waiting many years to go and get my drivers license, I thought that I would never do it. However, as soon as I spoke to ExExaminers.com I knew exactly where I was going to go, and booked my course immediately. The patience and care that comes with the ExExaminers.com team is outstanding and

has helped me to become a more confident driver. With ExExaminers.com I have learned all the necessary fundamentals of driving in the class and out on the road. I now have skills that I thought would never come my way. I am thrilled to have been a student of theirs and I would recommend their program to anyone who wants to be a better driver."

"Having just returned from a semester abroad and my license expiring in the next few months, my G2 exit test was booked for only a week after my return. The pressure was on! I was stressed and seriously lacking in confidence. ExExaminers.com Driving School was there for me during the hectic holiday

season. In just a few lessons, I had learned how to drive on the highway, safely and confidently. My instructor also taught me tricks for parking, which had troubled me previously. I am so grateful for ExExaminers.com Driving School. I couldn't have passed without them!"
